ABOUT ME

I am a passionate MCA student, focused on learning modern web technologies and improving development skills. I enjoy building responsive websites and applications using HTML, CSS, JavaScript, Bootstrap, and Java and MERN. I am currently exploring full-stack development to gain real-world experience. I believe in continuous learning, problem solving, and creating clean, user-friendly digital solutions.

EDUCATION

GIFT, Autonomous, BBSR, 2024-2026

MCA

I am currently pursuing MCA at GIFT Autonomous College, focusing on computer applications and modern software technologies. I am developing strong skills in programming, web development, and problem solving to build a successful career in the IT industry.

Utkal University | 2021-2024

BSC

I have completed my BSc in Computer Science, where I gained strong knowledge of programming concepts, data structures, and computer fundamentals. During my studies, I developed interest in software development and problem-solving skills for real-world applications.

PROJECTS

Portfolio

I developed a personal portfolio website using React, Tailwind CSS, and modern animations to showcase my skills and projects. The website features a responsive layout, smooth transitions, interactive UI components, and optimized performance to provide an engaging user experience across all devices.

Dominos-clone

I developed a Dominos food ordering website using HTML, Tailwind CSS, and JavaScript with a fully responsive layout. The project includes dynamic menus, interactive cart functionality, smooth UI effects, and user-friendly navigation to simulate a real online food ordering experience.

SKILLS

- HTML
- CSS
- Tailwind
- JS
- React
- Node
- Express
- MongoDB
- C
- Java
